

## EVERY CHILD BELONGS

By Sally L. Smith

*Every time a child  
with special needs  
hammers a nail successfully,  
colors or paints,  
creates a design,  
plays a role in a skit,  
dances a sequence,  
rings the bells according to a  
specific rhythm,  
makes a puppet,  
photographs what he intended to  
sculpts a piece  
he or she is receiving the  
message "I can do it!"*

## CHILDREN REQUIRING EXTRA SUPPORTS

Children who require extra supports are children that have a developmental delay or disability or that are at risk of having a developmental delay in physical, intellectual, communicative or emotional/behavioral areas.

Our Staff can help children with:

- Puzzle skills
- Pencil skills
- Speech delays
- Problem solving
- Attention control
- Behavior management
- Physical activities

## INCLUSIVE CHILD CARE

Some children may require extra supports to be included with their peers.

Supported Child Development can help support children in the child care setting of the parents choice.

Children entering the program must meet eligibility criteria for services.

This program is funded through the Ministry of Children and Family Development.
