Training Information:

The first segment of the Nowh Guna’ training is intended to provide basic information about Carrier culture and ways of being. It also provides opportunities for service providers to examine their own cultural biases, and stereotypes. As the training is based on the premise that everyone has wisdom to share and we are all lifelong learners, all participants are encouraged to attend regardless of ethnic background. Please plan to attend both full days.

Please contact culturetraining@csfs.org for further information.
